

Ladislav Kostolný

Senior Full Stack Developer with 12+ years of experience building web, mobile, and backend systems across fintech, e-commerce, cybersecurity, and SaaS products. Strong in React, TypeScript, Node.js, NestJS, Go, .NET, PostgreSQL, Redis, and microservice architectures. Experienced in leading frontend teams, designing APIs, integrating authentication standards such as OAuth and SAML 2.0, and delivering production systems for high-traffic platforms. Uses AI-assisted development tools such as Cursor and GitHub Copilot for software architecture, implementation, refactoring, prompt design, and technical analysis.

Work Experience

Senior full stack developer
Excalibur s.r.o. · Kosice, Slovakia · Full-time · 01 / 2024 – 05 / 2026
Developed backend services in Go and Node.js within a microservices architecture for a cybersecurity and privileged access management platform.
Contributed to software architecture decisions, API boundaries, and technical design for backend, frontend, and AI-assisted product features.
Designed and iterated prompts for AI-driven functionality and reviewed AI outputs in the context of product behavior, correctness, and security.
Implemented secure authentication and single sign-on flows using OAuth and SAML 2.0.
Built and maintained React-based frontend modules integrated with backend APIs.
Collaborated on privileged access management features with focus on security, reliability, and auditability.
Contributed to technical documentation, API design, and code reviews.

Senior full stack developer
Devcity s.r.o. · Prague, Czechia · Full-time · 03 / 2023 – 01 / 2024
Worked on web application development for Make.com using React, Next.js, Node.js, NestJS, PostgreSQL, Redis, and CMS integrations.
Delivered frontend and backend features with focus on performance, maintainability, and user experience.
Integrated APIs and backend services into production web applications.
Next.js

Frontend development leader
merkatos.cz s.r.o. · Prague, Czechia · Full-time · 03 / 2022 – 12 / 2022
Project www.vinisto.cz
Technologies: ReactJS, TypeScript, .NET Core

Senior full stack developer
Bisnode a.s. · Prague, Czechia · Full-time · 02 / 2020 – 09 / 2021
Project Bisnode Gnosus
Technologies: ReactJS, NodeJS, .NET Core

Senior React-Native developer

Innovation One, s. r. o. · Prague, Czechia · Full-time · 06 / 2019 – 01 / 2020

Project iOS/Android App "V Obraze"

Technologies: React-Native, Android, iOS, .NET Core, MS SQL, Azure

Frontend development leader

Millenium s.r.o. · Prague, Czechia · Full-time · 02 / 2018 – 06 / 2019

Projects CSOB CRM, Heineken invoice system

Technologies: MS CRM, SharePoint, MS SQL, ReactJS, .NET Core, TypeScript

Frontend development leader

Rohlik.cz · Prague, Czechia · Full-time · 04 / 2017 – 01 / 2018

Project www.rohlik.cz

Technologies: ReactJS, NodeJS, TypeScript, Redis

Medior Javascript/PHP developer

Startupedia, s.r.o. · Prague, Czechia · Full-time · 06 / 2015 – 03 / 2017

Projects www.startupjobs.cz, www.hiri.cz

Technologies: Nette, ReactJS, NodeJS, Typescript, PostgreSQL

Junior PHP developer

Starky's Club s. r. o. · Prague, Czechia · Full-time · 02 / 2014 – 06 / 2015

Technologies: Objective PHP, Nette, Javascript, JQuery, SQL

Education

High School

High School of Electrical and Training Engineering · Nizna, Slovakia · High school · 09 / 2002 – 06 / 2006

Skills

General

Node.js · Intermediate

NestJS · Intermediate
